Mr. J. C. Collier,

Barnesville, Ga.

Dear Sir:

Your letter was forwarded to me from Brunswick, Ga. I have written to my sister for this information and will write you when I get it.

I knew very little of my family record, mother died when I was seven years old and father when I was eight months old. I never knew any of my grandparents on either side. They all died before I could remember.

My father was named Cuthbert Hicks and I was named for my uncle.

I will be glad to give you all the information I can, and will certainly appreciate a copy of the genealogy.

Yours very truly,

Chas. B. Collier
